Agenda Items

Girl Scout Troup 14004 Request for Contribution

Kimberly Gibney, Girl Scout leader of Troop 14004, explained that the troop had purchased a "buddy bench" for the playground at Middle Paxton Elementary School and was seeking funds to replenish the approximate \$500 expense for that purchase made from their camping fund. A "buddy bench" is a positive mental and emotional health setting placed on a school playground where a child can go when they want someone to join in conversation. Ms. Gibney noted that the Dauphin-Middle Paxton Home Association donated \$200 and was requesting the Township consider a like amount to show support for the Girl Scout Troop's initiative.

Motion by Supervisor Smith for the Township to donate \$200 to Girl Scout Troop 14004 toward their "buddy bench" project at the Middle Paxton Elementary School was seconded by Supervisor Cooney. *Motion passed unanimously.*

Declaration of Consolidation of Previously Subdivided Lots

Cameron and Jenna Funk, owners of adjoining Lots 2 & 3 on Potato Valley Road presented a Declaration of Consolidation of Previously Subdivided Lots intending to consolidate and combine existing Lot 1 (Tax Parcel 43-029-039) and adjacent existing Lot 2 (Tax Parcel 43-029-035) into a single new lot consisting of 5.33 acres.

Motion by Supervisor Fisher to approve the Declaration of Consolidation of Previously Subdivided Lots for Tax Parcels 43-029-039 and 43-029-035 subject to the Declaration presented to the Board being recorded as a covenant running with the land comprising said Lots and evidence of recording being presented to the Township was seconded by Supervisor Smith. *Motion passed unanimously.*

Potato Valley Road Bridge Replacement and Roadway Realignment Project Update

In the absence of HRG project manager Ryan Hostetter, Manager Seeds presented the June 3 project status report. The report indicated the solicitation for bids would be advertised in the PennDOT ECMS on June 6 with a scheduled bid letting (opening) date of July 11. Contract award is anticipated to be an agenda item at the Township's August 5 monthly business meeting, followed by PennDOT issuing the contractor a notice to proceed on or about October 7.

Preliminary Subdivision and Land Development Plan – River View at Middle Paxton

Eric Clancy, a principal with LDI Associates Dauphin LLC (LDI), distributed sheets 1-18 of the *Preliminary Subdivision and Land Development Plan – River View at Middle Paxton* conditionally approved by the Board on December 21, 2015. He also distributed a copy of the Preliminary Subdivision Overall Sketch Plan, as well as a modified copy of that sketch plan depicting the proposed location for a pump station/well and force main concept layout to achieve connection to the Dauphin Borough wastewater collection system.

Mr. Clancy reported that PADEP directed LDI to once again seek approval from Dauphin Borough to convey wastewater to the Borough's sewage treatment facility from the proposed development rather than approving LDI's proposed plan to construct and operate a package treatment system on the development site. He further reported LDI and Dauphin Borough entered into a Letter of Intent for LDI as a "single customer" to construct a pump station and force main extending from the development site to connect with the Borough's collection system. He explained the proposed pump station and force main concept would provide wastewater treatment for development of the entire LDI owned tract including the Commercial and Office District (C-O), High Density Residential District (R-3) and Low Density Residential District (R-1).

An Intermunicipal Agreement between the Township and Borough would be required to facilitate conveyance of sewage generated in the Township to the Borough collection system. At the request of LDI, the Borough and Township solicitors are in the process of drafting such an agreement for presentation to their respective municipalities.

Proposed Ordinance 2019-01

A proposed ordinance directing the Dauphin-Middle Paxton Joint Public Safety Authority to cease its activities and convey all of its assets to the Township of Middle Paxton and the Borough of Dauphin was presented to the Board.

Motion by Supervisor Smith to adopt Ordinance 2019-01 directing the Dauphin-Middle Paxton Joint Public Safety Authority to cease its activities and convey all of its assets to the Township of Middle Paxton and the Borough of Dauphin was seconded by Supervisor Cooney. *Motion passed with Supervisor Fisher voting NAY.*

Johnson Controls – Municipal Building Fire Alarm Control Panel Update Quotation

Manager Seeds presented a quotation from Johnson Controls to replace the 4010 legacy fire alarm control panel with a new 4010ES control panel and change out the remote LCD annunciator in the main lobby. Manager Seeds explained that Johnson Controls was contacted due to a battery failure alarm. Upon inspection, it was determined that in addition to the battery needing replaced, the fire alarm control panel was beyond its "end of life" and Johnson Controls recommended it be replaced because parts were no longer available should the control panel fail.

Motion by Supervisor Smith to award a contract in the amount of \$8,635.00 to Johnson Controls for equipment and services to update the municipal building fire alarm control panel in accordance with quotation No. 528440097 contingent upon assurance from Johnson Controls that the proposed equipment is the most up-to-date and that no additional devices resulting in additional costs would be required was seconded by Supervisor Sudia. *Motion passed unanimously.*

PennDOT Traffic Control Sign Replacements

Supervisor Evans reported his wife Sonia was recently involved in an accident when a motorist mistakenly entered the exit lane from S.R. 22/322 to S.R. 225 (Peters Mountain Road) and that the directional signage was missing from an existing sign post which may have contributed to that accident. He said that in response to his telephone call to PennDOT reporting the missing sign, he was informed such a request to PennDOT had to come from the municipality.

The Board requested Manager Seeds submit a written request to PennDOT for replacement of all missing signage where noted on state routes throughout the Township.

Robert Rusbatch Letter of Resignation

A letter of resignation effective May 31, 2019 from the summer seasonal (lawn Maintenance) part-time position held by Robert Rusbatch was presented. The Board thanked Mr. Rusbatch for his service to the Township and wished him well in his new endeavor.

Blue Mountain Parkway Roadway Reflectors

The Board requested pricing be obtained for contractor installation of center of the road reflectors to be milled and embedded in epoxy beginning at the top of the Blue Mountain Parkway extending to White Pine Drive, as well as for the entire Blue Mountain Parkway extending to Fishing Creek Valley Road upon completion of the resurfacing project.

McElwee Road Traffic Count

Motion by Supervisor Smith directing Light-Heigel & Associates, Inc. conduct a traffic count and speed study on McElwee Road in order to determine whether roadway improvements planned for the McElwee and Creek Road intersection would qualify for funding under PennDOT's *Dirt, Gravel and Low-Volume Road Program* was seconded by Supervisor Evans. *Motion passed unanimously.*

Motion by Supervisor Fisher to adopt Resolution 2019-06 designating Ed Fisher (Light-Heigel & Associates, Inc.) as the Township *Building Code Official (BCO)* and Light-Heigel & Associates, Inc. as the Township *UCC Third Party Inspector/Plan Reviewer* was seconded by Supervisor Smith. *Motion passed unanimously.*

Manager Seeds requested the Board review and provide comments on the draft Roadmaster job description prepared by the Personnel Committee and included in their meeting packet.

Board Member Comments

Supervisor Sudia stated that while he supported enactment of Ordinance 2019-01, he was disappointed in the manner in which it was presented. He suggested the Board needs to work together in harmony and be more transparent when such decisions are being made.

Supervisor Fisher tendered his resignation from the Dauphin-Middle Paxton Joint Public Safety Authority to be effective concurrent with the effective date of Ordinance 2019-01 (five days from the date of enactment) given the Board's obvious vote of "no confidence" in his actions as the Authority's secretary demonstrated through the Board's rush to enact Ordinance 2019-01 over his objections.

Adjournment

There being no further business, the meeting was adjourned at 8:20 PM upon a motion by Supervisor Smith, seconded by Supervisor Sudia. *Motion passed unanimously.*

Respectfully submitted,
